1	1710627	Md Shabaz Alam	The current status of my application is Not Shortlisted. As per your requirement. I have completed all the formalities and I have an experience of 7.6 years in the field of Content Development in the known eLearning private organization. Please find attached experience letter here. So my only grievance is that why not shortlisted for the post of Content Developer. My cordially request to you is that please give me a reason why not fit for the post of Content Developer.	Document Shared doesn't highlight your role in content development and even Curriculum Vitae doesn't highlight role in Content Development. Therefore minimum two years of experience in content development role could not be established.	No Change
2	17103571	Athar Imam Raza	I supposed to get more score in the area of post-qualification experience. My whole experience is in ContentDevelopment, editing and copywriting only. So, instead of 10, I should get more than 20 scores. So my only grievance is that why not shortlisted for the post of Content Developer. My cordially request to you is that please give me a reason why not fit for the post of Content Developer. Preferred marking on post-qualification experience in content development and /or copywriting and/ or graphic designing. I have experience of 3 year 8 months in total, so, I should get more score in this column instead of 15. Experience in content development and / or copywriting for a reputed media organization (with broadcasting / coverage in more than 5 States) or in a private organization/ multinational corporation.	Candidate has Post qualification experience of 3 Years and 8 Months so has only 1 completed year of experience above 2 years hence only 10 marks awarded. In case of second query for each completed years 5 marks is awarded and he has experience of 3 completed years so 15 marks awarded. Hence, No additional marks can be awarded as per the preferred criteria.	No Change
