1	17105607	Rishi kaushik	<p>I've full time Post Graduate Diploma in Advertising and Public Relations from Indian Institute of Mass Communication, New Delhi. This is a premier institute under the aegis of Ministry of Information and Broadcasting, Govt. of India. Though I possess this full time post graduate qualification in mass communication, I've been given zero mark. While working with Thompson Social & Rural, I was coordinating development of mass communication campaign on water conservation practices for Delhi Jal Board. Delhi Jal Board is a body under the Govt. of Delhi. I also managed implementation of IEC activities for Pulse Polio Programme in the six districts of Uttar Pradesh. These were implemented for UNICEF and WHO that work closely with the governments at central and state level.</p> <p>During my stint with Abt Associates, I was working for USAID funded programme on promotion of child and reproductive health products. USAID is a bilateral organisation.</p> <p>While working with Population Services International, I was managing IEC activities for National AIDS Control Organisation (NACO) supported intervention in Madhya Pradesh and Chhattisgarh. NACO is an organisation under the central government.</p> <p>As IEC Consultant for National Vector Borne Disease Control Programme, I was consultant for State Vector Borne Disease Control Society, Government of Jharkhand.</p> <p>While working with The Micronutrient Initiative, I was working on IEC component meant for frontline workers in the state government health facilities of Bihar, Uttar Pradesh, and Gujarat. During this stint, a set of IEC prototypes were developed and submitted to State Health Society, Govt. of Bihar.</p> <p>In my current job with Oxford Policy Management, I've recently been involved in the development of programme reports and infographics for Bihar Child Support Programme – an intervention funded by DFID and CIFF to the Govt. of Bihar.</p> <p>All the aforesaid experience should be factored in as experience with Govt./bilateral organisations.</p>	<p>You have been working with different Private organization which had been involved in developing IEC programs for various State/Central/bilateral/multilateral Organization but you had not been directly employed by such organizations. Hence no additional score can be provided.</p>	No Change
2	17104322	NEELKAMAL VERMA NEERAD	<p>Sir, I am known and recognized as an IEC expert in state as well as country, but limiting my caliber to just to an IEC expertise would be an injustice to me. I've been a national level cartoonist and also known for my expertise in illustration, content writing, layout designing, art directing and video and animation film making. I've organized street plays and puppet shows on relevant social issues and earned a name for myself. You'll agree that a hard core IEC expert need to have expertise in the field I've mentioned above. I've secured 90% marks in my application for IEC expert. Perhaps, my achievements do not match with educational qualification laid down for the post. But I am a fine arts graduate, which quite suitably fulfils the laid down educational criteria. IEC EXPERT (Labor Department)</p> <p>2. Sir, here I want to humbly submit to you that in the year 2007, I won the national award for science communication. The award is given by National Council of Science and Technology Communication (NCSTC), a unit of Dept. Of Science & Technology (DST), Govt. of India. When I was nominated for the award, as usual, eye brows were raised but NCSTC and DST both praised my excellent work in the field of science communication and I became the proud recipient of the award. I also, at this point want share with story of Satyendra Nath Bose, the famous scientist, who, after knocking many doors in India, could only get a job after his co scientist Einstein wrote a letter for him.</p> <p>3. It is my firm belief that rich and wide experience should have an edge over educational degree. There are many departments in Bihar for whom I am rendering my services as an IEC expert. Hoardings and banners splashed all over Bihar, of campaign against child marriage, environment protection, Swachh Bharat Abhiyan are living testimony to my work in the field. Therefore, Sir, keeping my vast experience of the field in mind, I humbly request you to entrust me with responsibility of this post so that I could put my holistic effort in making any given task a great success. Warm Regards, Neerad</p>	<p>Minimum Required Education Criteria for IEC Expert role is Bachelor's degree or higher (full time) in Mass Communications / Social Work / Developmental Studies / Journalism / Public Relations. Hence Your candidature cannot be considered for the role as You have done Bachelor in Fine Arts</p>	No Change
