

Quintegra Resourcing, a leading global provider of Recruitment Process Outsourcing (RPO) announces a multi-year RPO agreement with WD Partners

As part of the agreement, Quintegra will implement an outsourced recruitment solution focusing on improving the quality of new external hires while reducing overall recruitment costs and time-to-hire. The agreement will commence in the United States , and eventually encompass WD's international operations in India and Malaysia .

Quintegra Resourcing was one of the pioneers of [Recruitment Process Outsourcing](#) in the US, and over the last decade has served many leading companies domestically and internationally with its proprietary RPO methodologies and technologies.

“We are delighted to provide a seamless recruitment solution for WD,” says Mark Clevenger, President of Quintegra. “WD is a great company for us to partner with and we have a shared vision of how to deliver efficient, quality recruitment services.” He adds, “The impact of the lagging economy has increased pressure on human resource executives to find new ways to deliver high quality service and reduce costs to their internal customers; leveraging the cost saving and operational efficiency advantage of RPO can bring significant benefits to the bottom line.”
